Action Week Ends on Peterson's Desk

Students' Council authorities last Friday marked the end of "Operation Crisis" by presenting 230,000 signatures to Education Minister Leslie Petersen.

At 10:00 Friday morning about 470 rolls of petitions, each containing about 500 signatures, were dropped on Mr. Petersen's desk in his Victoria office.

"I presume it's my duty to present the petition to the government," Mr. Petersen said.

When asked if he might present the petition to the Legislature, he said he would have to present it "to the Government, rather than the Legislature."

"Public support is always a factor in any action taken by a democratic government," he said. "I'm sure the public support in this matter is without question."

Jaycees Search for Ideal Girl

The Victoria Junior Chamber of Commerce is now engaged in its annual pursuit of the typical Canadian girl.

This girl symbolizes the youth of our nation—their dreams, ambitions and ideals.

She is a Canadian citizen and a Victoria resident. She has never been married.

She has good character, and possesses poise, personality, charm and beauty of face and figure. And she is talented.

This girl is Miss Victoria 1963, and she will be crowned on May 18.

UV co-eds interested in participating in the Miss Victoria Pageant are asked to contact Mr. Doug Webb at 477-4342.

EX-STUDENTS' COUNCIL PRESIDENT DONATES PAINTING TO SUB

Jack Shadbolt, noted Canadian painter, has agreed to provide a large canvas for the Student Union Building.

In answer to a letter sent by Ellery Littleton, Director of the

Building (1963-64) Mr. Shadbolt said, "I shall be delighted to let you have a large canvas of mine which normally is priced at \$500 for the token sum of \$50, which will cover my out-of-pocket ex-

penses for materials and the trip to Victoria."

Mr. Shadbolt, currently teaching at the Vancouver School of Art, said about the painting, "This canvas is on a B.C. theme with a strong mood of bushland swamp. It is architecturally handsome (I know this from having seen it in such a setting) and I think it would have an affinity with John di Castri's architecture.

It is 59" x 53". The color is primarily white forms on a greenish-black background with a yellow sub-theme and a minor blue with a red accent here and there. Words are useless where a picture is concerned. I am glad the new Victoria College is going well and this is my way of saying so."

Mr. Shadbolt was a President of the Alma Mater Society at Victoria College some years ago, and will be present at the opening ceremonies on the 30th of this month.

"We hope to start a good representative collection of Canadian, and specifically British Columbian, paintings for the Student Union Building," said Mr. Littleton, and this is a wonderful start. Mr. Shadbolt's generosity is deeply appreciated."

. . . whoops!"

Players Plan Absurd Evening

By PAUL WILLIAMSON

In a dramatic display of marital hair splitting, English professor Carl Hare is uxoriously pitting his directional abilities against those of his wife, Clara, in the upcoming campus players' production of "An Evening of the Absurd."

This production, opening April 2, will be the first production in our new theatre, suitably dubbed The Workshop Theatre.

The theatre, located in the hut behind the gymnasium at Gordon Head, has been in the process of reconstruction and re-decoration for the past two months.

A tour of the theatre on Saturday amazed me. The intimate but modern atmosphere is a great achievement considering the original rabbit hutch appearance.

There is still much to be done and with only a week to go they must have all the help they can enlist. This is an impassioned plea for aid. There are ceiling panels to be put up, and there is lots of painting to be done. Let's see the fellows wield some hammers and the girls some paint brushes!

But on to the plays. According to director Hare, "both plays are hilariously funny with an element of terror lurking in the background."

The play Mr. Hare directs is John Mortimer's "The Dock Brief," featuring the English department's David Buchan and Michael Warren. Men are warned that certain coeds on seeing these two in action on the stage may experience violent fainting spells or St. Vitus' dance.

The second play, directed by Mrs. Hare, is Ionesco's "The Lesson," with Carl Hare (him again?), Sally McCahill and Ailsa Bishop.

An evening of the Absurd will run five nights, April 2 to 6. Tickets will be sold in the Young Bldg. during noon hours this week at \$1.25, or 75 cents for a limited number of gallery seats.

New Territory Seen By Geography Club

Movies were shown at the last meeting of the Geography Club Monday night, but things didn't turn out as expected.

Ted Brown and Willy Jay picked up three films from the Public Library Film Department: "The Scottish Highlands", "The Eskimo North", and "The Street".

Officials thought "The Street" was a film on urban renewal, but when the projector was switched on a sleazy girl in a bar-room flashed on the screen.

It seems the film is about the rehabilitation of a prostitute.

Geography Club members saw it anyway.

"We felt it would be sociologically enlightening," said one member.

Four Delegates Chosen for Seminar

The four delegates chosen to represent Victoria College at the NFCUS National Seminar to be held in Guelph, Ontario, during the last week in August are Judy Baines, Don Kirkby, George Copley and Gary McLeod.

The delegates were selected on the basis of participation in extra-curricular affairs, academic standing, and interest in the theme of the Seminar, which is "Man and Technology."

"This is a very well-balanced group of people," said Alfred Pettersen, AMS President, "with many different talents in differing areas. I know they will represent us very well."

The delegates will fly back to Guelph to take part in the week-long series of discussions with university students from 38 other institutions across the country.

Bull by the Horns

By MIKE HORN

Hurrah for our side! The dust has cleared a bit, and Action Week seems to have been a success. How much effect it will have at the buildings is still anybody's guess, but at least we have proof that the people of B.C. are concerned about higher education. Or are they?

Methinks a lot of people who signed the petition were kidding themselves, that a lot of us are kidding ourselves. If we get the requested increase in operating grants—in itself a lot to hope for—it will leave the impression with almost everybody that everything is, temporarily at least O.K. at Point Grey and in Victoria. Nothing could be further from the truth.

Our MLA's came perilously close to the truth a few weeks ago. The Premier asked Dr. McGeer whether the latter was trying to imply that B.C.'s institutions aren't first-rate; Dr. McGeer apparently didn't answer. Well, are they, or aren't they?

Of course, they're not. A generous soul might concede that they are third-rate; a harsh critic . . . enough said!

Does any one here believe that UBC is at a par with Harvard, or Columbia, or Chicago, or Stanford? With Illinois, or Michigan, or Wisconsin, or Berkeley? With Toronto or McGill? I don't deny that UBC may have some excellent departments, but as a whole it's nowhere near as good as Mr. Bennett would have us believe.

Take a look at your own college. A couple of year ago there was excited talk about making this the best little liberal arts college in Canada. Brother, we have one hell of a long way to go. Right now it offers Grades 13 to 16, and a high school attitude pervades the administration, virtually all of the student body, and a lot of the faculty. If we possess one outstanding characteristic, it is intellectual apathy.

UBC could be great; Victoria College at least good. But we'd need vast amounts of money and some very intelligent planning by some very intelligent people. A president of General Motors is reported once to have said that the public always wants a ten-cent Cadillac; right now the B.C. public seems to think it has at least two ten-cent Buicks. And the Premier fosters this belief; it saves the Government a lot of money.

We ought to know better. We may not be the worst universities in North America, but we're nowhere near the best. Regardless of what the uninformed would want and like to believe, Buicks and Cadillacs cost more than a dime, and universities, good ones, cost a lot of money.

Let us try to make this fact clear, and let us not fall for the myth that we have enough money and planning. John Q. Citizen may believe that we're first rate; let's disillusion him. And let us not believe it ourselves, for once we do, we'll have had it, finally and completely.

Two MLA's Speak

ON THE MACDONALD REPORT

Editor's Note: This is the third in a series designed to present the views of some of British Columbia's leading politicians on the much discussed Macdonald Report.

Below, P. A. Gaglardi, Minister of Highways, and Dan Campbell, Social Credit MLA for Comox, give their opinions.

GAGLARDI

Mr. Gaglardi feels that Dr. Macdonald's cost estimates are too high. This is in line with the opinions of many observers who suspect Dr. Macdonald of allowing for the usual drastic budget cuts.

Mr. Gaglardi follows stated government policy in that he feels that monies necessary to implement the Macdonald Report should come from "present revenues as they are increased," and that the Report "should be implemented over a proper period of time."

CAMPBELL

Mr. Campbell disagrees with Mr. Gaglardi on the matter of Dr. Macdonald's cost estimates: they are not too high, he says.

The two Social Credit members agree that "the expansion of the economy through current taxation rates can supply the necessary money" to implement the Report.

Mr. Campbell said the Report "is a very useful document to guide the future of higher education in B.C."

He said that the Report "is, in effect, an extension of the expansion which has taken place during the last 10 years in the public school system."

"For example, if we had said in 1953 that the educational bill in the province would be in excess of \$100,000,000 in 1963, we would probably have been discounted as alarmists. Therefore, if the economy can accomplish the job that has been done in the public school area, the economy can also do the job in the area of higher education."

"... so cut the college grants, you said . . . they'll never know . . . they won't mind, you said . . . @#!*!!@ . . ."

LETTERS TO THE EDITOR

Explanation

Dear Sir:

In answer to Mr. I. C. M. Ogelsby's kind letter of last week I would like to explain the conditions pertaining to the arrangements for this game.

First the team involved was the Norsemen and the game was not a "regularly scheduled" match, but rather, part of a helter-skelter play-off schedule. We were not informed about this schedule and so we had little or no notice of any games scheduled for us.

Secondly, when we found out about the game in question (March 2) we decided that we would be unable to play on that date and as a result Mr. Martens phoned Mr. Brooks (President of the League) and informed him that as far as we were concerned we would not be playing any more games. We had already missed one round of the play-offs because of the mid-term weather.

This is how we left it. We were sorry that this team showed up unnecessarily but we believed that this was through no fault of our own.

As this was obviously intended as a slant on the Athletic Coun-

cil I will add that it was Mr. Martens who handled the arrangement, not myself.

TOM MOORE.

Noble But Wrong

Dear Sir:

After reading Mr. Bert Price's pious assertion in The Martlet of March 20 that he feels Dr. Macdonald deserves "all the support that the people of the Province of British Columbia can give him," this reader cannot help but wonder if this noble gentleman realizes that the present government of which he is a member:

(a) Spends only \$5.58 per capita on higher education compared to corresponding expenditures of \$14.31 by Alaska, \$17.83 by Washington, and \$18.57 by Oregon.

(b) Spends less on higher education on a per capita basis than any state which was formerly a member of the confederacy.

(c) Fails to equal even the totally inadequate Canadian national average expenditure on higher education.

(d) Claims it simply cannot afford an increased education expenditure because it has to be especially careful with the public's money, a somewhat unusual claim in view of B.C.'s

current per capita indirect(???) debt of \$822 compared to \$191 in 1952.

(e) Insists that B.C.'s finances are in excellent shape but for some inexplicable reason says it cannot spend more on higher education without aid from the federal government whose finances it claims are nowhere near as sound as those of this province.

GORDON POLLARD.

Thank You

Dear Sir:

At the end of this college year, Miss Barbara Westinghouse will be leaving for Australia to study for her Ph.D.

During the past three years, she has been a co-sponsor of the Geography Club. Though she was a sponsor of the club, this did not stop her from actively participating in club activities.

On behalf of the Geography Club I would like to thank her very much for the time and effort she has spent on behalf of our club.

If all the faculty club sponsors were as active as she has been, the clubs' program at Victoria College would be greatly improved.

Band Concert Here Next Thursday

By JUDITH BAINES

Music of Leroy Anderson and George Bizet will be featured in the first program of the newly-formed Victoria College concert band Thursday, March 28, at 8 p.m., in the Gordon Head gym.

Lacking a conductor last fall the band got off to a slow start but came to life after Christmas when Howard Denike, band instructor at S. J. Willis Junior High and Mount View High School, took over the leadership and provided music.

Dave Dawson, president of the band, said the 35 serious young musicians play primarily for their own enjoyment. They have been rehearsing regularly on Thursday evenings.

The first concert will also include modern band music by

Clifton Williams as well as full band arrangements of works by such composers as Bach and Beethoven.

Proceeds from the concert will be used for the purchase of music and music stands. Tickets are 50c.

Next year the group hopes to give several concerts and to arrange an exchange visit with the University of British Columbia.

An Editorial**VOTE 'YES'**

This Friday UV students will be asked to help chart the future course of the University of Victoria by voting a simple "yes" or "no" on three important issues.

Constitution

The new Constitution must be approved by referendum before being adopted by the AMS.

It replaces a totally inadequate Constitution which has been the cause of much ambiguity in the ruling of the AMS in past years. The by-laws of the new Constitution contain many improvements necessary for successful student government in a full-fledged university.

The new by-laws have been painstakingly prepared by competent students, together with legal advice. They are not a final and rigid set of rules: they can be changed at any time in the future.

The operation and purpose of the AMS would be severely hindered if the Constitution were not approved.

Incorporation

The matter of incorporation is largely a theoretical one, and the effects of this move will not likely be immediate or decisive.

However, the approval of the incorporation issue will allow a clearer definition of the rights and obligations of student government at UV, and that is necessary if we are to take a role proportionate to our new size and status.

Fee Raise

The proposal that the AMS fees be raised has probably been discussed within the student body more than the Constitution issue:

Most people who object to the \$6 increase disapprove of the way part of that \$6 is to be dispersed. But it must be understood that a vote for the fee raise does not necessarily constitute approval of the specific needs outlined.

The Students' Council is asking for \$2.50 to offset the increased expenditure made necessary in recent years. This year's council has overspent its budget, but the deficit will be covered by a surplus left by last year's Council. Such a surplus will not be available next year; therefore, a drastic cut in student activities will be necessary if the fee raise is not approved.

One dollar of the increased fee has been allowed for the Foreign Student Plan. This plan has already been overwhelmingly approved and it must be implemented. Without the fee raise, a further cut in general expenditures will be necessary to make funds available for the Plan.

The Athletic Council has asked for an additional \$1.50 for its activities. Part of this money will be used for the proposed football team when and if it is formed. If the football team is not formed, the money will revert to general revenue to be dispersed as the Council sees fit.

An additional \$1.00 is requested for conferences, seminars and symposiums. Participation in these inter-collegiate activities is expected of a large scale university desiring to further its outlook and reputation.

The fee raise is a vital necessity for the new University of Victoria.

Council Clarifies Censure Issue

The Athletic Council has taken further action concerning the situation which led to the censure motion against Mr. Martens, the Athletic Co-ordinator.

The incident triggering the censure motion concerned Mr. Martens' overstepping of his authority. He wrote to UBC, insisting that any correspondence pertaining to the arrangement of trips and games be ignored unless countersigned by him.

As a result, the Athletic Council has made a report to the Students' Council in an attempt to clear up any confusion.

The constitution of the Athletic Council states that "the Co-ordinator of Athletics . . . shall sit in an advisory capacity and act as liaison between the Athletic Council and the Faculty Council."

The report defines and elaborates on the terms "liaison" and "advisory" as used here.

The views of Brian Cornell, the Chairman of the Athletic Council, on the administration of athletics generally reflect the tone of the report.

He believes the students should assume more control. The constitution gives the students authority over certain subjects, he says, but in many instances it is not exercised. The duties of team managers are an example. The constitution states "They shall . . . be in charge of any arrangement affecting their teams, such as schedules, trips, home games, etc." However in the past this has not always been the case.

Furthermore he believes students should be in charge of the spending of athletic funds which come from their AMS fees.

PEARSON ELECTED BY ACCLAMATION

Mary Pearson was elected by acclamation to the position of Women's Athletic Director on next year's Students' Council.

Mary is in first year Education on her way to becoming a physical education teacher, she plays commercial basketball as well

as partaking in many college athletics.

During the summer she, as part of the sports council, will be organizing for the coming year. She especially said that she hopes to further inter-mural sports next year.

Jones Rink Takes Title

The David Jones rink captured the Victoria University curling title. The Jones foursome included cream-smooth skip Dave at the helm, sharpshooters Frank Varga at third and Brian Appelby at second, with draw artist Barb Dawson playing lead.

The current season incidentally marked the first for Appelby—a remarkable achievement. The rink completed the rigorous twelve week schedule without a loss, marking the first time this feat has been accomplished in college curling.

In the individual games of note, the only skip to give Jones any trouble was Corky McCorquodale, a classy shotmaker originally from the prairies.

However, despite McCorquodale's individual heroics the rugged Jones crew was able to salvage a tie, thanks to a brilliant clutch shot by third Frank Varga and two cold draws by skip Jones, in the final end.

Another pre-season favourite Steen Jessen of Port Alberni provided Jones the margin he needed for the victory when he defeated a surprisingly powerful quartet—earlier considered only a dark horse—skipped by John Lancaster.

Previous to the final draw Lancaster had suffered only one defeat—that being in a spine-tingling last rock decision to Jones.

Here are the final standings:

Lancaster	16
Jessen	16
McCorquodale	15

SOCIALIST SPEAKS HERE AND SPEAKS AND SPEAKS

By JIM BIGSBY

A changing crowd of about 100 heckling students carried on a marathon debate last Monday with Don Poirier of the Socialist Party of Canada.

Speaking first in the Quad and later on the front lawn, Mr. Poirier quoted a book by an eminent anthropologist which said that ancient cultures (the Seminole Indians of Southern Florida) lived in perfect socialism. This, he said, proved that socialism was feasible.

The book in question was found in the college library and Mike Horn proceeded to quote several portions not entirely favourable to the socialist viewpoint.

WHERE ARE THE SEMINOLES?

Poirier asked to see the book. No further reference to it was made thereafter.

"The Seminoles lived in perfect socialism . . ." he began.

"And where are the Seminoles today?" yelled a heckler.

Two shovels were placed nearby for Mr. Poirier's convenience. "We must have social freedom, social ownership . . ." continued Mr. Poirier.

"Social Credit!" yelled a bystander gleefully.

"Blasphemy!" bellowed an imposing figure from Trail.

ADMINISTRATION— NOT GOVERNMENT

The debate moved to the front lawn and settled to a more serious tone.

Student questioners hammered away at three basic issues: How would the transition into a socialist state come about? What would guarantee that people would work? What system of distribution would be used?

Poirier's answers: When a majority of people understand socialism, they will want it to come about and it will;

People would be "appointed to do tasks, although there will be no controlling government—only an administration—and would work only "two or maybe three days a month";

There will be enough for everyone so that no one will lack and no one will want to hoard.

WITTIER IGNORANCE

Poirier, who has spoken to outdoor audiences in Boston, New York, Los Angeles and other major centers, said that this was his first college appearance.

With one or two exceptions, he said, "they had no more awareness of the world around them than any other audience."

"The only difference was that they were wittier."

Questions, in general, were "poorly phrased" and "mostly based on ignorance".

NOT ALL RIGHT

With Poirier was J. G. Jenkins, Secretary of the party's local division, who later told The Martlet that "the only difference between a person in favour of socialism and a person opposed to socialism, if they're of the same economic class, is that one is knowledgeable about socialism and one is ignorant."

"I would never presume to say that all that Don said was right," said Mr. Jenkins, "but everything he said was economically, politically and socially sound."

He then asked if he might see the story before it was published "in order to correct any mistakes".

Permission was denied.

Undergraduate Society Formed

By PAT LOVELESS

The Mickey Mouse myth of the Education faculty is "horse manure," and a committee has been formed on campus to help dissolve this myth.

The new organization, called the Education Under Graduate Society, is to be molded from a similar organization at U.B.C. Their purpose is to unite and give direction to the education students.

Larry Devlin, president-elect for next year suggested the formation of such a society at Victoria College. A committee has been set up to look into all aspects of the organization. Ellery Littleton, chairman of the com-

mittee, said that they hoped to organize it during the summer and put it before the Students' Council in September.

The committee which also includes Janet Rogers, Bernie Carthy, Larry Cross and John Kendrew, feels that because one day education will be the largest single faculty on campus, it should pull some weight. This is exemplified by the fact that the society hopes to have a representative on the Students' Council. "We want to give this aimless mass of people, currently laboring under the illusion that they are inferior to everybody but Arts and Science people, the impression that they have something in common with the rest of the university community" said Ellery Littleton, committee chairman.

McGill U. Wins Debating Championship

OTTAWA (CUP)—McGill University has won the Canadian Intercollegiate debating championship, defeating St. Dunstan's of P.E.I. in a national final here in Ottawa.

McGill, represented by Charles Dalfen and Howard Golden, successfully opposed a resolution "That the space race was beneficial to humanity."

St. Dunstan's, represented by Colin McMillan and Harry Cagabhan, held that the space race was beneficial in that it maintained the balance of power between East and West, that it diverted the military and thus prolonged peace. The team said the many byproducts of space race — communications satellites — and electronic gear — were helpful to man.

McGill held that the space race was inextricably bound up in the arms race, which history has shown will end in war, and that the lack of international co-operation and control would turn space into an international battlefield, thus bringing about nuclear obliteration.

Earlier in the day, the McGill team, opposing the resolution, defeated a team from the University of Alberta in a semi-final. Alberta was represented by Christopher Evans and Douglas McTavish.

Citizenship and Immigration Minister R. A. 'Dick' Bell, MP for Carleton, presented the winning team with the Macdonald-Laurier trophy, emblematic of the championship.

The final was sponsored by the National Federation of Canadian University Students in co-operation with Coca Cola Limited.

Almost 100 persons heard the final.

Annual Elections Held By Radio Club

The 1963-'64 executive elections were held last Friday for Radio Victoria College. Elected to again lead the organization was past-President Gordon Fearn. Ken Birch was the President stepping down after a very active and rewarding year in the Club. The following are the new executive officers, most of whom have served on the Club executive in the past:

Kirk Davies was elected Vice-President, Bob Dale-Johnson was elected Treasurer and Ken Birch elected Program Director. Eric Eastick and Bruce Kingham will co-ordinate technical activities. Kent Chauvin and Leida Grant fill the positions of News Director and Publicity, respectively. John Symonds, a student, and David Shearer (both professional radio announcers in

Victoria) will act as Senior Advisors to the executive.

President Fearn says "the new organization has unlimited potential; enthusiasm and drive are essential for next year's club. We will have new facilities in the Student Union Building ready by September, equivalent to those of a professional radio station. Next year will prove that the University of Victoria can benefit from the presence of an efficiently run outlet to the public."

Vikings Win By Close Margin

By TOM MOORE

On Sunday the Vikings came up with their most exciting win of the season as they defeated Drake Kickers 2-1 in overtime. Drakes took the lead on a goal during the first minute of the second-half and the score remained 1-0 until the last minute of play when Chris Morgan scored the equalizer. The goal came off a rebound of a shot taken by Tim Lambert, Lambert headed a cross off the goal post and Morgan was there to put it in.

The game went into overtime and right at the end of the first overtime period Morgan again scored, this time on a cross from Ernie Leenheer. The Vikings held the tiring Drakes to win 2-1. Outstanding for the Vikings was goalkeeper George Brice. The turning point in the game was when he came up with a brilliant save on a penalty shot late in the second half. He has now given up only one goal in the last two games.
